Attorney General Moody's Week in Review - April 26, 2024

This week, Palm Beach County Sheriff Ric Bradshaw and I urged Floridians to help us fight the opioid crisis by participating in National Prescription Drug Take Back Day on Saturday.

Tomorrow, from 10 a.m. to 2 p.m., Floridians can safely dispose of unused, unwanted and expired medications at a local drop-off location. National Drug Take Back Day is a biannual event hosted by the Drug Enforcement Administration every April and October.

Nationally, more than 112,000 people died from drug overdose in 2023. According to the [2022 Florida Department of Law Enforcement Medical Examiners Annual Report](#), Florida lost more than 8,000 to opioid-related overdoses.

While illicit fentanyl is the main cause of these deaths, prescription medication found discarded in a friend or family member's medicine cabinet can often feed a fatal addiction. By participating in Drug Take Back Day, Floridians can be part of the

solution by safely disposing of expired or unwanted medications.

To find a drop-off location and to learn more about National Drug Take Back Day, visit [DEA.gov/TakeBackDay](https://www.dea.gov/takebackday). You can find year-round drop-off locations to dispose of unwanted medications at [DoseOfRealityFL.com](https://www.doseofrealityfl.com).

By fighting the opioid crisis, and helping those with addiction, we are building a Stronger, Safer Florida.

A handwritten signature in black ink, appearing to read "Ashley".
