

## Hillsborough Co. Superv. of Elec. audit

**Number:** INFORMAL

**Date:** October 09, 2009

Ms. Renee Francis Lee  
Hillsborough County Attorney  
Post Office Box 1110  
Tampa, Florida 33601

Dear Ms. Lee:

Thank you for forwarding a copy of the Ernst & Young Audit of the Hillsborough County Supervisor of Elections for the period from October 1, 2008 through January 5, 2009. You state that the report has been forwarded for review by the Attorney General's Office and any action this office deems appropriate.

As this office previously noted in its letter of February 27, 2009, this office has no specific authority over the actions taken by the supervisor of elections. Pursuant to Part III, Chapter 218, Florida Statutes, the "Uniform Local Government Financial Management and Reporting Act," local governmental entities are required to file annual financial reports with the Department of Financial Services. Section 218.32(1)(a), (d), and (e), Florida Statutes, respectively provide:

"(1)(a) Each local governmental entity that is determined to be a reporting entity, as defined by generally accepted accounting principles, and each independent special district as defined in s. 189.403, shall submit to the department a copy of its annual financial report for the previous fiscal year in a format prescribed by the department. . . .

(d) Each local governmental entity that is required to provide for an audit in accordance with s. 218.39(1) must submit the annual financial report with the audit report. A copy of the audit report and annual financial report must be submitted to the department within 45 days after the completion of the audit report but no later than 12 months after the end of the fiscal year.

(e) Each local governmental entity that is not required to provide for an audit report in accordance with s. 218.39 must submit the annual financial report to the department no later than April 30 of each year. . . ."[1]

Moreover, county fee officers are required by section 116.03, Florida Statutes, to make a report to the Department of Financial Services of all such fees, commissions, or other remuneration collected, including the source, character, and amount of all his or her official expenses and the net amount that the office has paid up to the time of making such report, although section 218.36, Florida Statutes, exempts the officer from making such report if the officer has complied with the requirements of that statute.[2]

Additionally, it is noted that section 17.041(1), Florida Statutes, provides that it is the duty of the Chief Financial Officer to adjust and settle, or cause to be adjusted and settled, all county accounts and claims reported to it by "the Auditor General, the appropriate county or district official, or any person against all county and district officers and employees, and against all other persons entrusted with, or who may have received, any property, funds, or moneys of a county or district or who may be in anyway indebted to or accountable to a county or district for any property, funds, moneys, or other thing of value. . . ."[3]

You may, therefore, wish to contact that office on this matter. Finally, I would note that county financial audit reports conducted pursuant to section 218.39, Florida Statutes, and the officer's written statement of explanation or rebuttal are to be submitted to the Auditor General within 45 days after delivery of the audit report to the entity's governing body, but no later than 12 months after the end of the fiscal year.[4]

Thank you for contacting the Attorney General's Office.

Sincerely,

Joslyn Wilson  
Assistant Attorney General
